Tall growing, graceful, outstanding cut flowers for garden and home. These glorious award winners will bring years of enjoyment and garden beauty. Included in your collection will be these choice varieties:

ADA FINCH One of the earliest daffodils to flower. Pure white, overlapping perianth; large, finely shaped trumpet with deeply flanged and rolled rim. The immense flower is carried on a tall, stiff stem and the entire plant is beautifully proportioned and pure trumpet . . . First Class Certificate.

GERTIE MILLAR Wonderful flower of new type with pure white perianth and beautifully proportioned, pale primrose cup, deeply fluted and frilled and of translucent texture; unusually long pistils and anthers match these colors perfectly; a most handsome flower. Award of Merit.

RUSTOM PASHA A large flower with most intense color, absolutely sunproof. The large perianth is deep golden-yellow, and the rather long crown, deepest, solid orange-red. First Class Certificate.

ST. EGWIN A magnificent yellow of great quality, with unusually round, over-lapping, smooth perianth and a rather straight crown, nicely serrated at the mouth. First Class Certificate.

UNSURPASSABLE In our tests this variety stood out as the best of the new Dutch yellow trumpets. Golden-yellow throughout, the flower has noble proportions, good size, stature and build. It forces well and early. First Class Certificate.

PINK GLORY Pure white perianth, graceful, with an exquisite long trumpet shading to a lovely pink, inside is a deep pinkish apricot remaining so until the end. One of the most beautiful pinks ever raised.

Another Star in Their Crown

GERMAIN'S OF CALIFORNIA
PROUDLY PRESENTS

Starfire

1959 ALL-AMERICA
ROSE WINNER

(Pat. 1742)

A LAMMERTS' CREATION

ALL AMERICA ROSE SELECTION WINNER FOR 1959
STARFIRE is unique among red roses . . . its unusual currant-red color is sun-fast—will never fade . . . its brilliant urn-shaped buds open into distinctive perfectly contoured flowers . . . possesses unique luminous quality which gives texture and depth to each velvety petal. Blossoms abundantly against a background of bronzy green foliage. Flowers occur singly on long cutting stems . . . or in clusters. Stems from 6 to 12 inches long make it ideally suited for cut-flower use. STARFIRE continues to be fluorescently lovely even when fully open. Often lasts 8 to 12 days. Closely related to Germain's 1955 All America Winner, Queen Elizabeth, both in its lusty vigor of Grandiflora growth and parentage, Starfire has been known to grow to a height of about 5 feet. STARFIRE . . . in every way . . . the rose lover's rose.

LAMMERTS' CREATION

GOLDEN SHOWERS

THE FINEST PILLAR and CLIMBING ROSE SINCE 1941

LEADING ROSARIANS AGREE: "NO OTHER ROSE LIKE THIS IN FLORICULTURAL HISTORY."

In 16 years, no other rose in this class has combined sufficient beauty, hardiness, and flowering qualities to win this award.

The buds and flowers are enchanting, combining, exquisitely shaped daffodil yellow, long pointed buds with fragrant, high centered, 25 to 30 petaled, 4½ to 5 inch yellow open blooms. Almost thornless, with long beautifully decorative bronze cutting stems, Golden Showers lends itself to spectacular cut flower arrangements.

In the short time when blooms are waiting to burst forth in golden splendor, the plant is magnificently clothed clear to the ground with large, dark green glossy foliage. Golden Showers is so vigorous that it is highly resistant to rose diseases such as mildew and black spot.

A 3 WAY FUNCTIONAL ROSE

The rose that started an entirely new trend in all-rose landscape design.

1. AS A SELF-SUPPORTING PILLAR ROSE—By allowing the canes to remain unpruned for two years, the tops of the canes arch over very gracefully, creating a compact Pillar Rose 8 to 10 feet high.

2. AS AN EYE-LEVEL ROSE BUSH—By pruning away the two-year old wood canes at the base each spring—and heading back the year old canes to about five feet—growth is restrained.

3. AS A WINTER HARDY EVERBLOOMING CLIMBER—One may also train the canes against a building or trellis as a regular climber, arching them over to produce hundreds of gorgeous blooms that rival the finest Hybrid Teas!

WHITE NIGHT

MERRY WIDOW (Pat. 1711)

GERMAIN'S 1958 ROSE INTRODUCTION

as gay and alluring as its name

A New Red Rose . . . exciting and radiantly beautiful with vibrant, deep crimson, non-fade blooms. Exquisitely formed high-centered buds open to deep crimson, semi-double flowers with velvety textured petals. The profusion of blooms are borne both singly and in clusters on unusually long cutting stems . . . 12 to 18 inches.

The Merry Widow has a particularly pleasing fragrance, reminiscent of the old fashioned red rose. This newest Germain's grandiflora rose, another Dr. Lammerts original, attains a height of 4 to 4½ feet. The entire bush is gloriously clothed in dark green leathery foliage.
